

# IP what? Interprofessional Interactions and Competencies in the Clinical Learning Environment

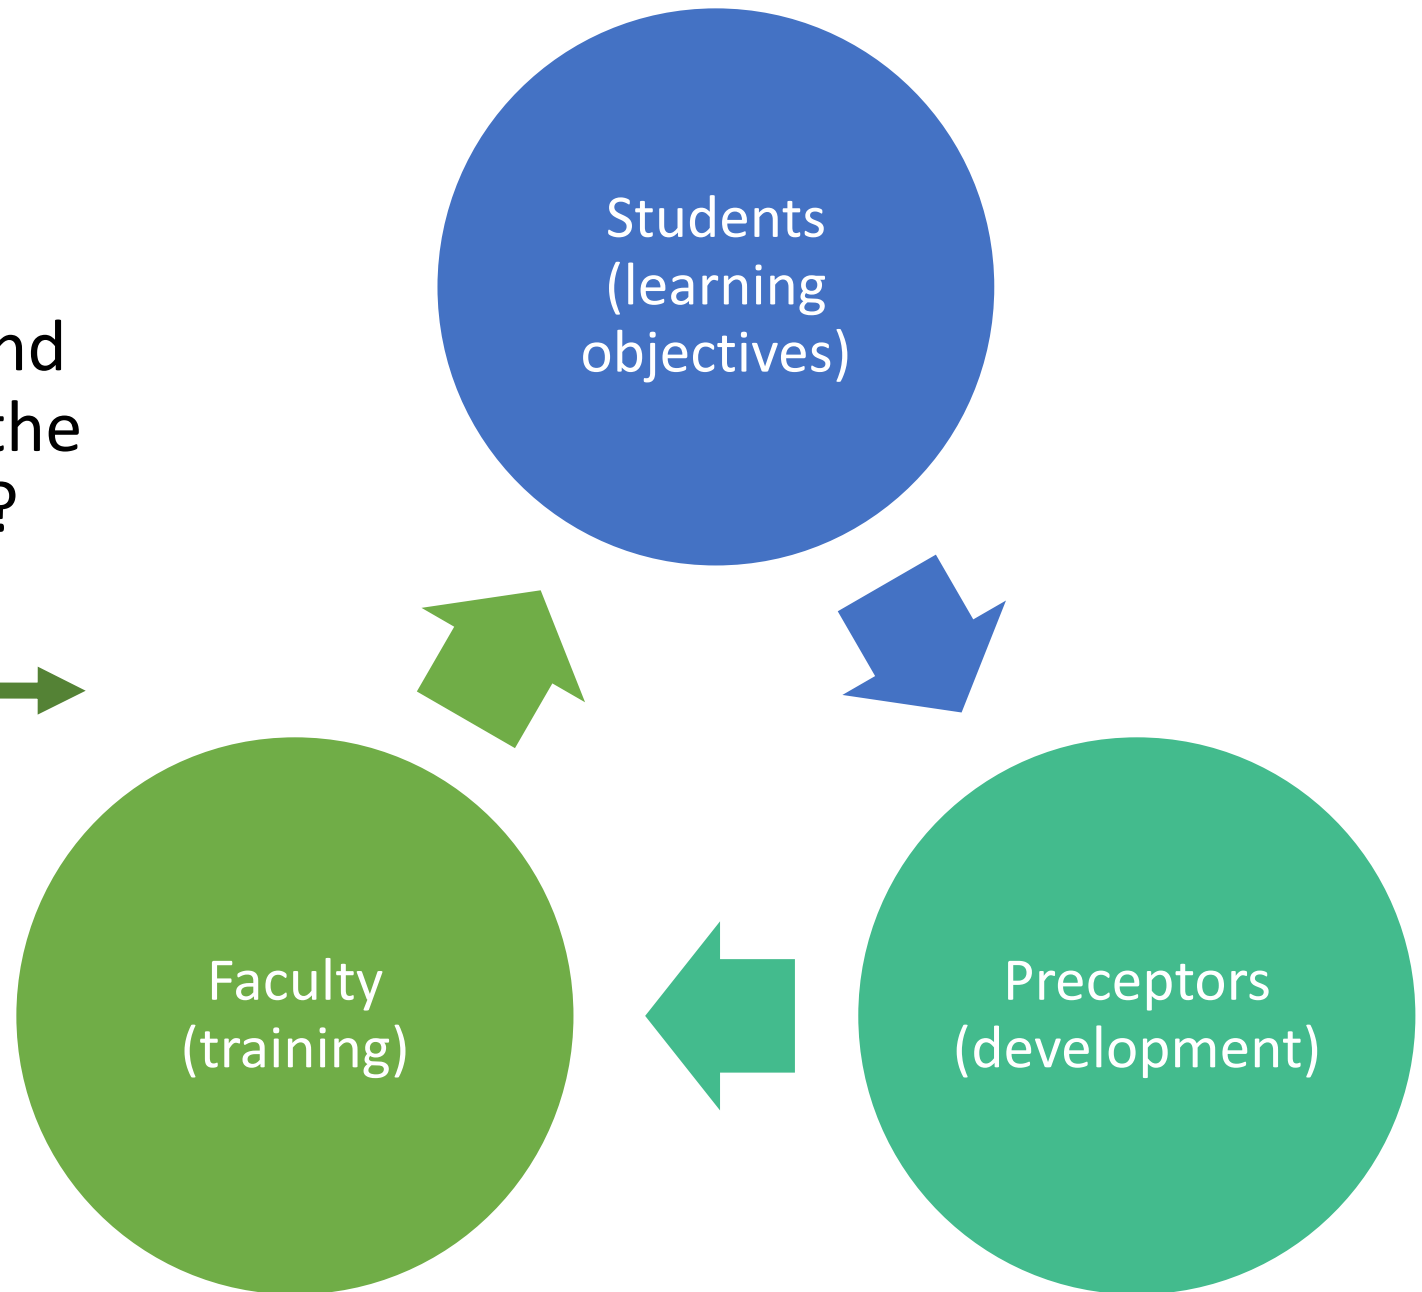

Betsy Melcher, MS, ATC, MHS, PA-C  
Nicholas M. Hudak, MPA, MEd, PA-C

# Interventions:

- What can we do in a clinical environment to meet our **goals** that we can't do elsewhere?
  - Brainstorm with your small group
  - Try to identify a specific example of an activity that might meet your IPE goal in a clinical setting with your learners.

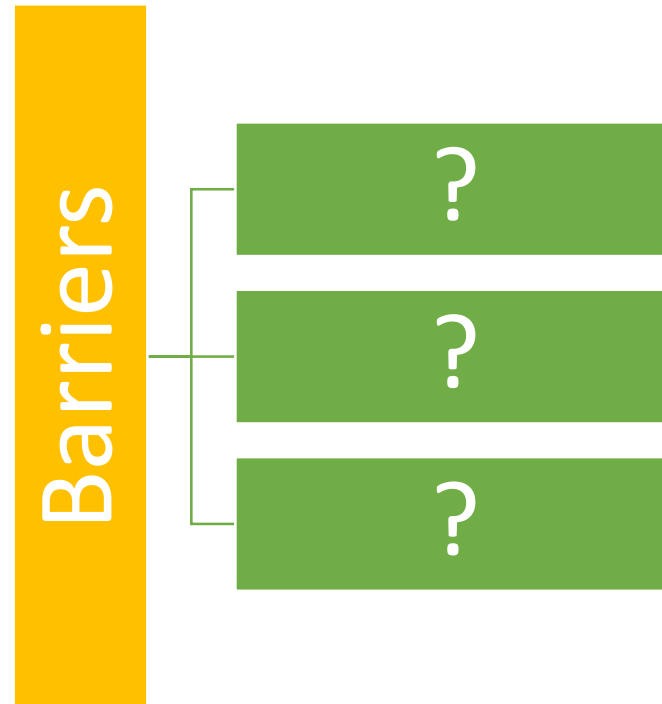

# Discussion:

- What are appropriate goals and expected outcomes of IPE in the clinical learning environment?
- Consider the target audience

# Discussion:

- What are the common barriers to IPE in the clinical learning environment for the educator, the preceptor and the learner?

# Discussion:

- What resources are needed to promote successful integration of IPE in the clinical learning environment for preceptors and learners?
